

Letter of Support

Proposed Outline

Dear company, institute or person,

We appreciate you want to become an official stakeholder for the European Space University for Earth and Humanity (UNIVERSEH).

In order to make the relationship official, we need you to write us a letter of support, which should be addressed to our Prof. Victoria Barabash and the UNIVERSEH WP7 Steering Committee. Please use the email address: welcome@universeh.eu.

The letter should outline the following:

- A) Why you agree with the mission and values of the European University Alliance UNIVERSEH (approximately one paragraph): See example below.
- B) Who you are (one paragraph): area of expertise, basic history and size, experience in the space industry, who you have worked with in the space sector (if applicable)
- C) What our working relationship might look like and you can offer. The relationship will be based on in-kind, reciprocal exchanges and there will be neither pay, nor direct financial investment expected from or to you. (Last paragraph(s)) The following options are a start, of course others could be added as options:
 - Accepting and guiding students for internships (specify which degrees and bachelor or master level)
 - Mentoring students, who are considering working in your industry and/or doing a start up
 - Offering workshops (in presence or online, length and possible topics)
 - Lectures (or lecture series/courses) on your areas of expertise
 - Contributing to larger events and conferences
 - Networking support
 - Participation in calls for research proposals
 - Mentoring of projects (research or study)

Example of the first paragraph:

This is to express the support and interest of (your company/organisation/person) in the activities of the UNIVERSEH (European Space University for Earth and Humanity) proposal to be submitted in response to the Erasmus+ call ERASMUS-EDU-2027-EUR-UNIV.
